

DRAFT RESOLUTION FOR WAR ON AUSTRIA

Introduced in House, Is
Approved By Foreign
Affairs Committee

HOUSE TO DEBATE IT FRIDAY

Authorizes Use of Arms to
Secure Victory But Omits
Turkey and Bulgaria

IS REPORTED OUT UNANIMOUSLY

Strongest Debates Expected
in Senate Which Wants
War on Turkey Too

Washington, D. C., Dec. 5.—Congress
cleared the way today for prompt re-
sponse to President Wilson's call for
a declaration of war with Austria-
Hungary.

A joint resolution approved by the
President and the State Department
declaring existence of a state of war
between the United States and the im-
perial and royal Austro-Hungarian
government from today at noon was
introduced in the house and unani-
mously approved by the house foreign
affairs committee. It will be reported
tomorrow for beginning of house de-
bates on Friday, with final action in
the senate late this week or early next
week probably.

Conforming to the president's re-
commendation the resolution which
authorizes and directs employment of
the nation's armed forces against
Austria and pledges the country's re-
sources to victory applied to Austria
alone, Germany's other allies Turkey
and Bulgaria are not mentioned. As
perfected by the house committee and
ordered reported without a dissenting
vote the resolution reads:

Text of House Resolution

"Whereas the imperial and royal
Austro-Hungarian government has
severed diplomatic relations with the
government of the United States of
America and has committed acts of
war against the people of the United
States of America among which are its
adherence to the policy of ruthless
warfare against the United States of
America and its allies, and whereas
the imperial and royal Austro-Hun-
garian government, and the emperor
and king of Austria-Hungary, have
declared and are hereby declared to
exist and to have existed since
noon on the fifth day of December,
1917, between the United States of
America and the imperial and royal
Austro-Hungarian government, and
that the president be, and he is hereby
authorized and directed to employ the
entire naval and military forces of the
United States, and the resources of the
government to carry on war against
the imperial and royal Austro-Hun-
garian government, and to bring the
conflict to a successful termination all
the resources of the country are here-
by pledged by the Congress of the
United States."

Senate Committee Considers Today.

A copy of the resolution was trans-
mitted late today to the senate for-
eign relations committee, which will
consider it informally tomorrow morn-
ing. Chairman Stone said he expected
the committee to decide its course
in time to expedite a report to the
senate when it reconvenes Friday, but
was uncertain when senate debate
could begin. That will be decided at
tomorrow's committee meeting. The
senate may on Friday begin consid-
eration simultaneously with the house.

Although sentiment remains strong
in both branches of congress to have
the war declaration extended to Tur-
key and Bulgaria, approval of the re-
solution as it now stands is regarded
as virtually certain.

Not Warranted to War on Turkey.

Senator Stone and Representative
Flood both conferred with Secretary
Lansing and it was understood to be
the Secretary's conviction that no cir-
cumstances yet warranted action against
Turkey and Bulgaria. Some officials
all are said to hope that German
liquidation of her lesser tools yet may
be broken.

The arguments were so persuasive
that in the two hours' deliberation to-
day of the house foreign affairs com-
mittee on the Austrian war resolution,
only one member, Representative
Miller of Minnesota, who recently re-
turned from the western European
war theatre, voted for his proposal to
include Turkey and Bulgaria in the
resolution. On the final vote he joined
with all others present in approv-
ing the Austrian document.

Hottest Debates in Senate.

The principal debate and strongest
demands for addition of Turkey and
Bulgaria to the nation's formal foes,
are expected in the senate. One day's
debate is expected to suffice in the
house, where beginning of considera-
tion until Friday was postponed only
because absent members telegraphed
to ask brief delays so that they might
arrive to vote. Passage of the re-
solution by an overwhelming vote be-
lieved.

U. S. ENGINEERS KILL HUN CAPTORS AND FLEE

Captured With Canadians They
Take Advantage When Brit-
ish Party Looms Up

(By the Associated Press).

With the British Army in France,
Tuesday, Dec. 4.—The best of many
exciting episodes related in connec-
tion with the Cambrai fighting was that
involving 50 American and Canadian
engineers together with some British
fighting troops. These men were cut
off in the German turning movement
near Gouzeaucourt and were taken
prisoners. A German escort of 20
soldiers or more started with them
along the road leading from Gouzeau-
court to Cambrai. As they were pro-
ceeding disconsolately toward the zone
of the German prison cages they came
upon a small body of British troops
who had also been cut off by their
comrades and who were wandering
about.

The British Tommies immediately
charged toward them. The Germans
tried to drive their captives toward La-
Vacquerie but the prisoners hurled
themselves upon their guard and
struggle bare handed until the Tommies
arrived and disposed of the Germans.
The engineers and their comrades took
the German rifles and worked their
way back with their rescuers until
they were able to reach a point where
they could join the British lines.

A party of Americans and Canadians
also had an exciting time in a motor
lorry, which, coming unexpectedly up
on six Germans holding the cross roads
with machine guns, charged at full
speed, tank-like, bowling over the
surprised enemy and escaping down
the road before the Germans recovered
from their shock and fright.

The engineers were not the only
army men from the United States who
did their bit during the most intense
part of the German counter attack at
Cambrai. Not less than ten Ameri-
can army medical officers were work-
ing in the British casualty stations
along the Douzeaucourt front. In fact
they had been laboring there since
General Byng began his great offen-
sive.

SIX TRACTION LINES MAY INCREASE RATES

Peekskill to Pay Seven Cents,
Other Cities Six—Many
Cases Pending

New York, Dec. 5.—Six trolley com-
panies operating in New York cities
have been granted permission to in-
crease their fares by the public service
commission of the second district. It
was announced here today. The com-
panies which were allowed the in-
creases operate in Northport, Amity-
ville, Glen Cove, Sea Cliff and Hunt-
ington, Hornell, Canisteo, Ithaca, East
Ithaca, Newberry, Valden, Peekskill
and Ossining.

The Hudson River and Eastern
Traction company, operating in Peek-
skill, is permitted to increase its fares
to 7 cents. The other companies are
allowed to raise their rates to six cents.
Rulings have not yet been made on
similar applications of three other
companies on which hearings have
been held. More than 20 other com-
panies have submitted petitions asking
permission to increase fares.

RUSSIANS SAY BOCHIE IS EVASIVE ON TRUCE

Germans Refuse to Agree Not
to Withdraw Men to Fight
on Other Fronts

London, England, Dec. 5.—A Rus-
sian official communication dealing
with the armistice negotiations re-
ceived here by wireless says:

"The enemy delegates replied evasively
to the two initial Russian propo-
sals, but promised to consult their
governments concerning them. The
Russians proposed 'as the principal
points of an armistice, that the enemy
should not undertake to send forces
from the Russian front to the fronts
of Russia's allies. Also that the Ger-
man detachments be withdrawn from
the islands of Moon Sound. The en-
emy delegates refused these proposals."

LET CONTRACTS FOR 12 SHIPS.

Washington, D. C., Dec. 5.—Con-
tracts for the construction of 12 S.S. 800
ton steel cargo ships were let by the
shipping board today to Charles W.
Morse, to be built at the plant recently
purchased by him.

force adjournment of the house Friday
is expected.

Although senate leaders hope it may
be possible to bring up the resolution
for senate debate Friday, it is possible
that it will go over until Saturday, and
few leaders believe it possible to con-
clude debate there in one day. Some
senators dislike to consider a measure
while it is pending before the
house.

Salvation Army Workers Soon to Leave for France

A group of Salvation Army workers photographed at the New York headquarters ready to leave for service with the American army in France. They will aid the soldiers in many ways, from holding religious services to writing love letters to the girl back home. The women members of the party will repair the clothes of the boys when not otherwise engaged.

PARIS COUNCIL MAKES REPORT

Suggest Permanent Meeting to
Consider Financial Prob-
lems of Allies

WITHHOLD THE DETAILS

Interallied Organization to Work
For Pooling of Maritime
Supplies

London, England, Dec. 5.—The fol-
lowing statement was issued by the in-
ter-allied conference in Paris:

"The various committees constituted
by the interallied conference deal as
a whole with the technical questions of
the conduct of the war, the details of
which cannot be published.

"However, at the conclusion of their
deliberations, the committee decided
to publish the following resolutions:

"The financial section, meeting
under the presidency of Louis Koltz
(French minister of finance) held
numerous sittings in the course of
which the various financial questions
interesting to the allies were suc-
cessively examined. At the end of its
labors this section unanimously adopt-
ed the following resolutions.

Financial Delegates to Meet Regularly.

"The delegates of the allied powers
in the financial section consider it de-
sirable, with a view to coordinating
their efforts, to meet regularly in order
to draw plans for the payment of
liabilities and the settlement of loans
and rates of exchange and thus as-
sure concerted action.

"Oscar T. Crosby, assistant secre-
tary of the treasury of the United
States, and Mr. Koltz told the section
that in their opinion this regular meet-
ing ought to be a permanent organiza-
tion. Other resolutions were adopted
to the effect that although the dis-
position manifested by all the dele-
gates evidenced sentiments of the
financial solidarity of the allies, this
solidarity ought to be affirmed in prac-
tice by the methodical coordinations of
efforts which alone should determine
the judicious utilization of the re-
sources of the allies and the best dis-
tribution of their strength.

"Armament and aviation section:

The representatives of the allied na-
tions examined the conditions of their
armaments and considered practical means of avoiding
all duplication and directing the ef-
forts of each nation to the produc-
tion of things for which it was best
fitted in matters of first importance.

An interallied committee was formed
for carrying out the common pro-
grams, and decisions were arrived at.

Ships to be Pooled for Common Good.

"Sections of imports, maritime
transport and supplies:

"The allies considering that the
means of maritime transport at their
disposal as well as the supplies at their
command ought to be utilized in com-
mon for the conduct of the war, de-
cided to create an interallied organi-
zation with a view to co-ordinating in
this direction, to establishing the com-
mon program, constantly kept in mind
and enabling them while utilizing
their resources in order to release as
much tonnage as possible for the
transport of American troops:

Report Austrian King Will Consider Peace

Amsterdam, Holland, Dec. 5.—A
dispatch received here from Vienna
quotes Emperor Charles of Austria
Hungary as saying in an address to
an Austro-German delegation that
the dual monarchy is ready at any
time to conclude a peace that would
guarantee the integrity of the mon-
archy. He added, however, that his
country would not cease fighting
until its enemies renounce their in-
tentions of dismembering it.

PURCHASE OF SUGAR TO SEND PRICE DOWN

20,000 Bags Old Cuban Crop
Bought—New Raws to Flow
to Country's Refineries

New York, Dec. 5.—Purchase of 20-
000 bags of Cuban sugar, old crop, at
\$6.70 delivered in New York, duty
paid, was announced tonight by
George M. Rolph, chairman of the in-
ternational sugar committee. "With
arrival of this supply about December
15, the committee's basic price will be
reduced, which will of necessity bring
about a reduction in the refiner's price
list to \$8.15 New York," Mr. Rolph
said.

The first Porto Rico sugar will ar-
rive about December 16, a statement
said, and will make the new Cuba crop
price about \$5.90. The first Louisiana
sugars arrived in Boston today at a
cost of \$6.70.

"It is to be hoped," Mr. Rolph ad-
ded, "that the comparatively small
amount of old crop sugars which have
been purchased by the international
sugar committee and not yet arrived,
will have been received by December
20. On or about this date, or shortly
thereafter, the basic price of the com-
mittee will be dropped in order that
the refiners' list prices may reflect the
price agreed to be paid for new crops,
Cuban and Porto Rico sugars. The
list prices will range from \$7.25 to
\$7.45, dependent on the freight rate
established by the United States ship-
ping board for raws from Cuba and
Porto Rico to the United States."

Mr. Rolph stated that before the
end of December it is hoped that the
whole country will be on the same
basis.

TO THRASH SUFFRAGE AND DRY QUESTIONS

House to Consider Bills Decem-
ber 19 and 20 Respectively
It Is Agreed

Washington, D. C., Dec. 5.—An in-
formal understanding for a vote in the
house on nation-wide suffrage and
nation-wide prohibition constitutional
amendment bills on December 19 and
20, respectively, was reached today be-
tween house leaders.

Most of the members of both houses
are in accord with the President's de-
sire that congress concentrate its
efforts in this session on war legisla-
tion, but in the house particularly
there is a persistent demand for action
on some general domestic legislation
including the prohibition and suffrage
amendments, before the Christmas
holiday recess.

The house judiciary committee
meets next Tuesday to vote on both
resolutions and it is expected to re-
port them promptly.

HUN PREPARING MANY ASSAULTS

Indications of New Action At
Cambrai and Big Battle in
Italian Theatre

ALLIES CALMLY WAIT

British Expected to Fall Back in
France to Straighten
Out Salient

While for the moment no infantry
operations of great magnitude are in
progress on any of the numerous bat-
tle fronts, indications are not wanting
that soon the Cambrai sector in France
and the northern lines in the Italian
theatre will again witness titanic
struggles with the Germans and the
Austro-Hungarians the aggressors.

Already the Germans in the Cam-
brai region have brought up fresh re-
inforcements with the object of blot-
ting out the salient driven into their
lines by General Byng's intrepid dash,
a small portion of which they have
reconquered, but at a fearful price.

Tentons Use Big Guns on Asiago.

In Italy along the Fette Comuni
and the Asiago plateau, enemy guns
of all calibres have opened fire on the
Italian positions and several hill pos-
itions have been captured in small at-
tacks. Both before Cambrai and in
the Italian region, the allied armies
are calmly awaiting the enemy's as-
saults.

While near Cambrai it is conceded
that the British will be forced, by rea-
son of the dangerous salient held by
the enemy in their line, to straighten
out their front somewhat, optimism is
expressed that on the whole General
Byng's forces will be able to give a
good accounting for any attacks the
enemy may launch.

Ready For Any Dash by Huns.

Likewise the menace of a dash by
the Austro-Germans down through
the hills and out upon the plain of
Veneto has been provided for, so far
as the reinforcements of the Italians
by the British and French troops and
the bringing of fresh guns is concern-
ed. It Field Marshal Von Hoetzendorf,
commander of the enemy troops,
should be able to breach the line and
gain his objective, it would be only
after one of the most sanguinary en-
counters of the war.

Russians and British Fight Turks.

In Mesopotamia the British and Rus-
sian troops have carried out a suc-
cessful operation against the Turks but
just where has not been stated. This
has significance inasmuch as it is the
first report of the fighting of the
Russians with the British in this re-
gion since they formed a junction after
the British captured Bagdad.

Although a British official announce-
ment characterizes as "a shameful
statement" the report from Berlin and
Bucharest that Rumania has proposed
to enter into negotiations for an arm-
istice with the Teutonic allies both
Berlin and Vienna reiterate that
negotiations are in progress.

Rumania Not to Make Separate Peace

A Pacific port, Dec. 5.—A message
from King Ferdinand of Rumania de-
claring his country would never make
a separate peace is being carried to
President Wilson by members of the
American Red Cross mission to Ru-
mania, which landed at a Pacific port
yesterday, according to a statement
here tonight by Lieut. Frank Conner,
interpreter for the mission.

"STUPID BUTCHER BOY" ACTUALLY GERMAN SPY

Came and Went At Fort in New
York Harbor—Other In-
trigue Plots Discovered

New York, Dec. 5.—Although he
was a German subject, Eric Hooker,
a butcher boy, possessed an air of
such profound stupidity that he was
permitted to call daily at Fort Totten
in his rounds. Today he was interned
on Ellis Island after army intelligence
officers discovered after a search of
his quarters that he had important
papers among his effects and that he
was an expert telegrapher and map
maker.

Several trunks filled with maps, docu-
ments and airplanes and telephone
models were seized by the department
of justice agents today, after they had
arrested Mrs. Anna Werner and Fred-
erick Hovvagen, Germans, in a house
in Hoboken known to the police as
"the house of mystery." Both were
held as alien enemies. The house was
conducted as a furnished room estab-
lishment by Mrs. Werner and was said
to be within the 100 yard barred zone.

A letter found among the papers of
a German who formerly held an im-
portant position with a large financial
house in New York, but who is now
interned at Ellis Island, was made
public today by Assistant United States
District Attorney Knox. In part it
said:

"Gentlemen, remember always—
proudly wave the flag—black, white
and red—and woe to the enemy who
threatens it. What does it matter to
us—with the Yankee rabble. Do the
cowardly dogs think they can lift their
hands against our great, hard-strug-
gling Fatherland in its sorest hour of
need. Let us now, therefore, endure
these humiliations silently with gnash-
ing teeth, but our hour will yet come.
We, of the younger generations will
remember the Star Spangled Banner
people too. Hoch the Kaiser and the
empire!"

A secret wireless outfit valued at
\$1,000 was said to have been discov-
ered at White Plains by agents of the
naval intelligence bureau early today,
when it became known that a man
and woman had been arrested and put
through a severe interrogation. The
man was sent to Ellis Island and the
woman was held a prisoner elsewhere.
No details of the reported raid were
available.

PERSHING REPORTS TWO SOLDIERS DIE

Killed in Action in First Line;
Eleven Others on Casu-
alty List

Washington, D. C., Dec. 6.—General
Pershing today reported to the war
department the names of two men
killed in action in France, seven men
severely wounded, and four slightly
wounded.

The casualties occurred between No-
vember 12 and 17. General Pershing's
message gave no details but the men are
believed to have been units occupying
first line trenches in France.

I. C. C. FAVORS ROADS OPERATED BY GOVERNMENT

Or Unification By Sus-
pension of Anti-
Trust Laws

MUST IMPROVE TRANSPORTATION

Majority of Commissioners
Think Railroads Can Work
Out Improvements Alone

ROADS ENTITLED TO FAIR RATES

"Too Many Cooks" Throwing
Railroad Operation Into
Chaotic Condition

Washington, D. C., Dec. 6.—Im-
mediate action to effect national uni-
fication of the railroads, either by gov-
ernment operation or by suspension
for the war of anti-trust and anti-
pooling laws, a federal loan, and regu-
lation of securities issued to permit
more effective voluntary co-operation
was recommended today by the in-
terstate commerce commission in a
special report to congress. Neither plan
was specifically endorsed, but an im-
plication that the majority believed
the railroads might successfully work
out their unification prompted Com-
missioner McChord to submit a sepa-
rate report emphatically urging gov-
ernment control and saying, "the
strong arm of government authority
is essential if the transportation situ-
ation is to be radically improved."

Selfishness Would Cause Pool Failure.

Any voluntary pooling plan would
fail to meet war exigencies, he de-
clared, because of the unavoidable in-
fluence of selfishness among roads.
There was no disagreement as to the
proposition that competition among
railroads must be diminished if not
altogether eliminated to prevent a
serious breakdown of transportation
facilities under the war strain.

The railroads' own proposed solu-
tion for the difficulties—an increase in
rates in order to attract capital—was
characterized as entirely inadequate
by the commission. Even with more
funds, the report said, the shortage
of equipment could not be remedied
materially because of the inability of
the authorities to manufacture it.
Doubt also was expressed whether suf-
ficient capital would be attracted in
view of the fountains of such enor-
mous quantities of government war
securities. This would mean, it was
pointed out, a complete reconstruction
of the policy under which rail-
roads have been developed.

Roads Entitled to Fair Returns.

If the alternative of government
operation under the decision of the
President, he adopted, said the com-
mission, suitable guarantees of the
roads could reimburse the government
for improvements, after the properties
are returned to private owners.

The only hint of the commission's
attitude toward the railroads' pending
application for 15 per cent higher
rates, was given in an assertion that
the roads are entitled to demand just
and reasonable rates sufficient to yield
fair returns, and the comment that
although railway earnings in the past
year have broken all records, the pur-
chasing power of earnings is greatly
decreased.

Steps taken by the railroad war
board two weeks ago to pool cars and
operate roads somewhat as a unit by
loaning facilities of one to another,
were recognized by Commissioner Mc-
Chord in his supplementary report as
valuable, but he maintained they were
only half way measures.

Too Many Giving Orders to Roads.

He said the railroads are now tak-
ing orders from too many government
agencies, the interstate commerce
commission, the war industries board,
priority director, war and navy de-
partments, the shipping board and the
fuel and food administration. As a
result of the conflict of orders and
priority, he said, "railroad operation
is approaching a chaotic condition."

If President Wilson does not elect
to take over and operate the railroads,
Commissioner McChord suggests the
next best plan would be to enact leg-
islation to centralized federal author-
ity over the railroads in a single
agency.

The commission's report, the first
special report in years, came as a sur-
prise to congress.

12 TEAMS REMAIN IN BIKE RACE.

New York, Dec. 5.—With the field
of competitors in the six day bicycle
race at Madison Square Garden re-
duced to 12 teams, nine of them have
covered 1,301 miles and one lap at
midnight and the other three were one
lap behind.

At 1 o'clock 12 teams were still
riding, nine leading with 1,317 miles
and one lap and the other three a lap
behind. The record for the seventy-
third hour is 1,437 miles and five laps,
made by Goulet and Grenda in 1914.

Speaking of Happiness, Take a Look At This Marine

U.S. MARINE IN FRANCE

Speaking of the cordial entente, something of that sort seems to have been established between our boys and the French kiddies. Judging from the above photograph. It shows an American marine and two small friends he has acquired on French soil.

The children of France, in many instances, are exercising as strong an influence as some of the social organizations in making the American feel at home. From the pictures which reach this country, most of the Sammys with fatherly instincts have been able to find one or two of the little ones to pet and provide pleasure for.

16 ENGLISH SHIPS SUNK DURING WEEK

One Other Under 1,600 Tons
and Four Fishing Craft
Sent to Bottom

London, England, Dec. 5.—Sixteen British merchantmen of more than 1,600 tons were sunk by mines or submarines in the past week, according to the admiralty statement tonight. One vessel under 1,600 tons, and four fishing vessels also were sunk.

The summary follows:
Arrivals, 2,124; sailings, 2,133; British merchantmen over 1,600 tons sunk by mine or submarine, 16; under 1,600 tons, one fishing craft; four British vessels unsuccessfully attacked, including one previously, eight.

The losses to British shipping by mine or submarine the previous week, comprised 14 merchantmen of 1,600 tons or over and seven of less than that tonnage.

ASKS PROTECTION FOR GAME

Head of State League Says Bats Should Not Be Let Down.

New York, Dec. 5.—The New York State Fish, Game and Forest League, representing about 40,000 organized sportsmen in the state, met here tonight preliminary to the formal opening of its annual convention tomorrow. John B. Burnham, president of the league, who also is president of the American Game Protective association, announced that there would be brought up for discussion at the convention a patriotic resolution asking for the continued conservation of the game supply of the country and "no letting down of the bars for market hunting."

GERMANY TO USE 16 YEAR OLDS.

Amsterdam, Holland, Dec. 5.—Intimations that Germany is planning to force boys of 16 to 17 years into the army are contained in an appeal appearing in the Esson General Anzeiger that they immediately join the juvenile corps.

"This great struggle between the nations says the newspaper will necessitate those who are now between 16 and 17 being called up at no very remote date for army service."

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called Freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky chlor compound which strikes the moment it is applied and simply shrivels the corn without irritating or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of Freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

FINANCIAL AND COMMERCIAL

The New York Markets.
New York, Dec. 5.—Second only in importance to the President's stirring address to congress yesterday and even more potent as a market stimulant, was the report submitted to that body today by the interstate commerce commission bearing vitally upon the future of the railroads of this country.

It is yet too early to forecast even to an approximate degree the effect of the commerce commission's recommendation, but the course of the stock market, following the publication of the report, left no doubt of its immediate significance. It was little more than irregular during the first half of the session, with a new low record for St. Paul preferred at 68. The first advances from Washington that reached Wall street were rather conflicting, but the first intimation of the proposed suspension of the Sherman law resulted in a rebound in which prices were carried two to almost five points above lowest levels.

Industrials and the entire war list, as well as shippings, coppers and specialties, shared in the advance. United States Steel, for example, rallying from its low of 86 3/4 to 89 3/4, with corresponding gains elsewhere. Decided strength ruled at the very active close.

Bonds were heavy for a time, but strengthened with the stock list. Liberty 4's ruled at 97.30 to 97.62, and the 3 1/2's at 98.50 to 98.72.

U. S. bonds, old issues, were unchanged on call, coupon 4's losing 5/8 on sales.

New York Produce.

Butter — Steady; receipts, 2,644 cases; creamery, higher than extras, 43 1/2 @ 50; creamery extras, 92 score, 43; firsts, 42 1/2 @ 48; seconds, 40 1/2 @ 42.

Would you tell your husband a secret that you had sworn to guard? For the sake of your child would you go back on your word of honor? These are the questions which this picture asks. Because this wife would not tell her husband a sworn secret which would clear herself of all suspicion caused by circumstantial evidence, he took her little boy from her. Later he learns what she would not tell. But how? That is what you will want to see explained. See this great five act drama by Pathe.

RUNAWAY ACCIDENT.

Wallace W. Jackson of North Kortright Sustains Scalp Wound.

North Kortright, Dec. 5.—Wallace W. Jackson, who bought J. A. Hendry's farm in this vicinity a few years ago, was in a runaway accident Thursday. He was returning from the Sheffield creamery at West Harnersfield and at the rock cut met W. K. Adair, who with his wife and mother, was driving to the Thanksgiving service. At this juncture, his spirited young team suddenly jumped and Mr. Jackson, who was standing toward the back of the wagon was thrown out. Mr. Adair carried Mr. Jackson home. Dr. J. E. Safford of Stamford, who was called, found that an ugly scalp wound on the back of his head, which took several stitches to close, was the extent of his injuries. The runaway horses met several automobiles and made two road turns with-

out mishap but ran past their home and in whirling back up set the wagon, scattering milk cans in every direction and badly smashing the wagon.

A REAL HAIR SAVER AND BEAUTIFIER

Found at Last — Shows Results at Once or Nothing to Pay.

Here's good news for men and women whose hair is falling out, who are growing bald, whose scalps are covered with dandruff and who feel it hard.

Any good druggist can now supply you with the genuine Parisian Sage that is guaranteed to quickly stop loss of hair, promote a new growth, entirely banish every trace of dandruff and itching scalp, or the cost, small as it is, will be refunded.

Thousands can testify to the excellent results from its use; some who found baldness now have abundant hair, while others who suffered for years with dandruff and itching head get a clean, cool scalp after just a few days' use of this splendid treatment.

No matter whether bothered with falling hair, gray hair, dandruff or itching scalp, try Parisian Sage tonight. You will not be disappointed. There is nothing so good for any form of hair trouble. It's easy to use, delicately perfumed, and will not color or streak the hair.

H. J. Giltersleeve will supply you and guarantee money refunded if not satisfactory.

DELAWARE COUNTY NEWS

WELL KNOWN FARMS SOLD.

Western Men Purchase Large and Valuable Delaware County Properties.

Bloomville, Dec. 5.—Robert W. McArthur has sold his large and valuable farm near this village to a man from Kenyon, Minn., named Bratschle, and is to give possession soon. The sale includes stock, farm tools and other personal property, including this year's large hay crop and nearly 100 head of horses and cattle. Mr. McArthur's plans are un-

settled as yet but he will probably remove to some nearby village.

Another well known farm which has just changed owners is the place known as the Greenleaf place at the head of Elk Creek which for several years has been owned and occupied by E. D. Beams. The buildings thereon are large and valuable and the land is productive, making the property a desirable one. The purchaser is James Craig who comes from Iowa. Mr. Beams has purchased and will remove to a smaller farm in the vicinity of Sidney.

Whipple Place Not Sold.

The former George Hobbie farm between this village and Delhi, which was purchased about a year ago by a man from Wisconsin named Whipple, has been generally reported to have again changed owners, but recent word from Mr. Whipple who is still in Wisconsin, is to the effect that the deal has been called off, for the present at least, and the sale of the stock and personal property which was advertised to take place next week has also been called off. Mr. Whipple's sons are at present taking charge of the farm and he is expected here soon.

CAUGHT IN SOUTH KORTRIGHT.

Fifteenth Wedding Anniversary of Mr. and Mrs. J. C. Thompson

South Kortright, Dec. 5.—About 130 friends and relatives of Mr. and Mrs. J. C. Thompson gave them a surprise on Tuesday evening, December 4, it being their fifteenth wedding anniversary. The first part of the evening was spent socially, after which refreshments were served. Then Dr. McClure made the presentation speech in behalf of the guests, for a beautiful ring. The latter part of the evening was spent with music and dancing. Everyone wishes them much happiness and many more anniversaries.

Briefly Stated.

POWER

To get out of your motor all the power that was built into it requires a gasoline that is not only pure but uniform.

It is because every gallon of SOCONY Motor Gasoline is like every other gallon, no matter where you buy it, that SOCONY runs a motor so much more efficiently than the best of unidentified gasolines. A carburetor once adjusted to SOCONY is adjusted for keeps.

You will find that SOCONY gives more miles to the gallon and more power to the mile. Say So-CO-ny and look for the Red, White and Blue sign.

Former Health Commissioner Says Nuxated Iron

Should Be Used in Every Hospital and Prescribed by Every Physician—Attributes His Own Great Physical Activity Today at Over 60 Years of Age Largely to His Personal Use of Nuxated Iron.

WHAT FORMER HEALTH COMMISSIONER KERR SAYS

"As Health Commissioner of the city of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I come on record as favoring any particular remedy, but I feel that in Nuxated Iron an exception should be made to the rule. I have taken Nuxated Iron myself and experienced its health-giving, strengthening effect, and in the interests of the public welfare, I feel it my duty to make known the results of its use. I am well past my three-score years and want to say that I believe that my own great physical activity is due largely today to my personal use of Nuxated Iron, and if my endorsement shall induce anyone, nervous, run-down men and women to take Nuxated Iron, the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it. From my own experience with Nuxated Iron, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

Former Health Commissioner of Chicago.

NOTE—Nuxated Iron, which has been used by Former Health Commissioner Kerr with such surprising results and which is recommended by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists everywhere. Unlike the other iron-bearing iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. On the contrary, it is a most potent remedy in all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any druggist who cannot take any man or woman under 20 who takes from and increase their strength 100 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by all the drug stores and all good druggists.

PRESIDENT AND PEACE.

There is one thing more than any
other in the message of the Presi-
dent of the United States which at-
tracts public sentiment and holds
public attention. This is the state-
ment that a declaration of war with
the Austro-Hungarian empire is a
logical outcome of present conditions.
Who is not for us is manifestly
against us, and since Austria is an
ally of Germany and is fighting Ger-
man battles, she must shoulder with
the greater empire the burden of
responsibility. In New York city, and
for that matter elsewhere, the senti-
ment of the press is with the president
on this issue.

"Here, then," says the Sun, "we have
from the president of the United
States a declaration of war purposes
and of peace intentions which affords
the first important response to Lord
Lansdowne's tentative. To those who
have been mistaken or confused in the
interpretation of Lansdowne's propo-
sal we commend a careful compari-
son of the two documents. It will be
an enlightening process to many to
discover how closely together the
minds of the British statesman and the
American executive on all the essen-
tial involved in the tremendous ques-
tion which has simultaneously engaged
these two acutely perceptive and pro-
foundly philosophical and equally
patriotic intellects."

Directly with reference to the Aus-
trian matter, the Tribune concludes:
"The President has said more than
once that the United States will not
consent to make peace with the
powers that be in Germany. He has
prescribed the Kaiser and the German
ruling class as participants in any
peace conference. He repeated these
phrases in yesterday's message and by
implication he has now extended the
ban to the reigning monarch and the
ruling classes of Austro-Hungary. He
asks Congress to declare war on Aus-
trian-Hungary because the dual mon-
archy has become a willing vassal of
Germany and has accepted Prussian
ideals of terrorism and military ag-
gression."

The Herald applauds the proposed
declaration of war and says: "In
any event, with regard to Ger-
many's allies and vassals our skirts
now are clean. Unquestionably Con-
gress will act promptly upon the Presi-
dent's recommendation. No longer will
Americans have to experience the un-
comfortable feeling that the policy of
their country was one not fair to
the nations allied with us and not fair
to ourselves. No longer are we open
to the charge of making fish of one
supporter of frightfulness and fowl
of the other supporters of that same
frightfulness."

Across the bridge from Manhattan
is the "City of Churches" and of the
Brooklyn Eagle, this paper referring
to the message, concludes as follows:
"The President urges an immedi-
ate declaration of war against Austria-
Hungary. Congress must and will re-
spond. To make war upon Germany
and maintain a show of friendly re-
lations with Germany's chief ally,
whose resources with those of Ger-
many are now concentrated to destroy
Italy, whose cause is ours, is not only
absurd and anomalous, but dangerous
to the last degree."

The New York Times has always
stood steadfastly by President Wilson,
and it does so now. "The President's
address is at once illuminating and in-
spiring," says the Times. "It throws
the clear light of truth and reason up-
on the path which we are pursuing. It
answers questions, dissolves doubts, it
justifies. It will inspire the American
people to new courage. It will
strengthen their resolve. It will fortify
them to endure the hardships and losses
of war. It is a unifying utterance, its
spirit is that of the people of the coun-
try, of the whole people."

THE MESSAGE EAST AND WEST

The Philadelphia Inquirer.

"The President's message appears
at the psychological moment, when
Russia is upheaved, when Italy is
invaded, but now holding steadfast,
when German armies are doing their
utmost to force back the British
troops at Cambrai. It is a notice to
all the world that the United States
is engaged in this war to see it
through. It is assurance to France,
England and Italy that they can de-
pend on us to the limit of our resour-
ces."

The Chicago Herald.

"President Wilson evidently believ-
ed the international situation call-
ed for a statement and clarification
of our position as to war and peace.
It may be summed up in four words:
—Victory, reparation, justice, securi-
ty. But when he speaks of peace, of
justice in the final settlement of the
affairs of nations, it is with no impli-
cation of surrender."

The Boston Traveler.

"Austria has been actively engaged
in war against the United States for
months. A declaration against her is
overdue."

The Cincinnati Commercial-Tribune.

"If over the State papers of the
President were made the guide of
other nations into higher ideals, sur-
ely those of President Wilson should
be and this one not least. For the

reason that it sets up like the serpent
in the wilderness, to which the Israel-
ites looked and were healed, an ideal
and an aim which might well be in-
scribed in bronze and gold letters."

The Baltimore American.

"The President has demanded that
the coalition between the countries of
the central group shall be broken up.
This is one of the prime objects of the
United States. And Austria will ulti-
mately have reason to be glad it is.
The entire message is a clarion call to
the American people. The President
has buckled on his armor afresh, and
the American people stand panoplied
in the whole armor of God at his side."

The Kansas City Star.

"At a time of trial to the cause of
the Allies following the Italian reverse
and the defection of Russia, the
President's address to Congress comes
as a message of courage and cheer to
the united democracies. There is in it
no hint of discouragement or fear. No
matter what the obstacles, America is
in this war with all its resources to
see it through. It will not be through
until the power of autocracy is de-
feated. It will not be through until
the German people have spokesmen
whose word can be trusted. It will
not be through until Germany is
ready to make reparation for the
wrongs done."

The St. Louis Republic.

"The war must be fought to a finish.
There is no parleying with an
unbeaten and unscrupulous Germany.
It is a question of human rights vs.
the divine right of kings, and the Uni-
ted States has thrown itself body and
soul into the struggle. This is the
substance of the President's message,
and on that platform he will have the
support of the loyal and patriotic peo-
ple of the United States, without dis-
tinction."

The Indianapolis Star.

"The message is a world appeal. It
sets out very plainly what we are fight-
ing for and shows very clearly to the
enemy just how he can have an honor-
able peace. If it gets to the German
people in ungarbled form it is certain
to prove a formidable weapon with
which to deal autocracy its death blow.
No sane people could deny its right or
continue to war against us once they
become convinced that we and our
allies are sincere."

The Milwaukee Sentinel.

The salient features of President
Wilson's message are his recommenda-
tions that Congress declare a state of
war with Austria-Hungary and his
statement of the American objectives
in this war. The message breathes the
spirit of a lofty idealism welded to
stern facts of specific purpose.

The Denver Rocky Mountain News.

"The Wilson message was aimed
chiefly at the people under German
rule, the German people themselves
and their so-called allies and particu-
larly the unfortunate souls of Russia,
who are being led to the slaughter by
German deceptions."

DIRECTOR OF WAR SAVINGS.

George H. White Named and Asked to

Sell \$960,000 of Savings Stamps.

George H. White of Cooperstown
has been appointed director of war
savings for Otsego county, according
to an announcement made at state
headquarters in Syracuse last evening
by William J. Tuohy, state director.
Mr. White, it is expected, will at once
proceed with the organization of the
county. His task, measured in money,
is to sell \$960,000 worth of the war
savings stamps which the treasury de-
partment has placed on sale. These
stamps during the months of Decem-
ber and January sell for \$4.12. County
Director White has been urged to carry
out the suggestion of National Chair-
man Vanderlip and make his first
drive at the Christmas shopper.
"There is no finer Christmas pres-
ent," said the state director last night,
"than the United States government's
finest baby bond, the simplest and
safest government security in the
world today. Let Santa Claus help
win the war. Every war saving stamp
used this year as a Christmas present
is a very direct aid in winning the
war. If the stamp named is too ex-
pensive a present, let the gift be a
government thrift card with one or
more of the thrift stamps attached.
I am very happy to have obtained the
services of Mr. White as war savings
director for Otsego county. His task
is a very great one and he will need
the help of everybody, especially of
the boys and the girls, of the news-
papers, of the banks and of the mer-
chants."

DELAWARE FARM BUREAU.

Annual Meeting Will Be Held in Delhi.

December 10.

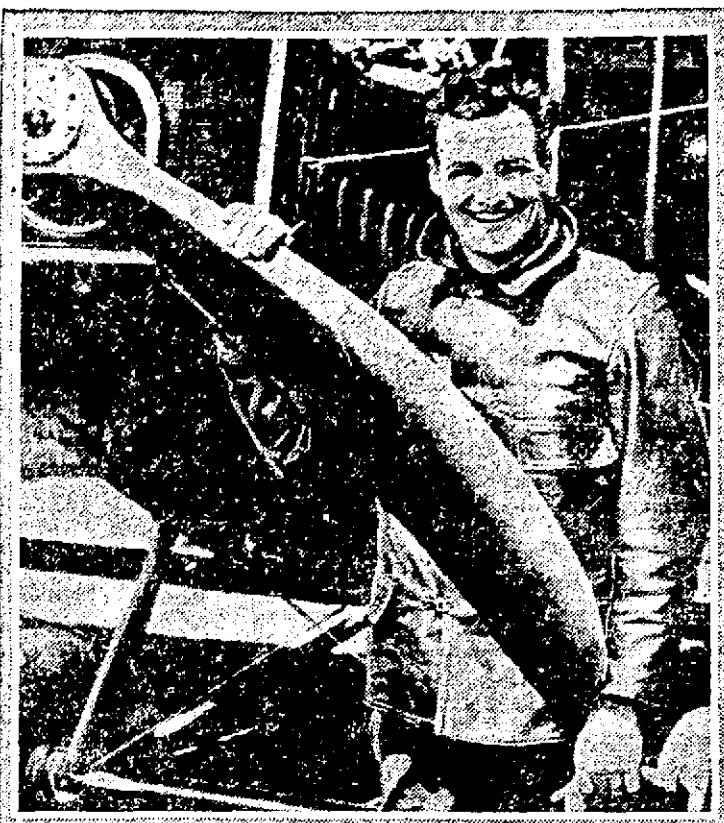

The annual meeting of the Delaware
County Farm Bureau association will
be held at Delhi on Wednesday, De-
cember 19. This will be an all-day
meeting with an evening session.
The forenoon will be largely devoted
to reports, election of officers, etc.,
for the year. There will be a special
session for the women with local
speakers. After this there will be the
community lunch. Everyone will
bring a lunch and eat it at the hall.
This always helps to get the farmers
from all over the county acquainted
with each other. Hot coffee will be
furnished and served free by the Farm
Bureau association.

In the afternoon Dean Mann and
Miss Van Rensselaer of Cornell univer-
sity will deliver addresses. Both of
these people are pleasant speakers and
are in very close touch with the Food
Administration at Washington and so
should offer the most of us an oppor-
tunity to see conditions in such a light
that we could not otherwise receive it.

In the evening E. R. Eastman,
who is now assistant state leader of
County agents, will speak, after which
Miss Huff will conduct her famous
Singing school.

Plan to come and stay all day as
every effort is being made to make this
meeting well worth your while.

American Flier Escaped From Germany By Great Daring

Lieut. Patrick O'Brien, an American member of the British Royal Flying corps, who was brought down in a one-sided battle by the Germans, and who was taken into Germany on his way to a prison camp, jumped from the train which was going 30 miles an hour and by many heroic and clever moves managed to get into Holland safely, and then back to Eng-land.

EVIDENCE IN CANDELLO CASE

Completed before Adjournment Wed-
nesday Evening — Attorneys Sum
up This Morning and Case Goes to
Jury — Less Than Half Day Occu-
pied by Defense.

The Candello murder trial was re-
sumed Wednesday morning. The tes-
timony of Dominick Trotto was con-
tinued from Tuesday evening. Other
Italians sworn for the prosecution
were Rocco Vincenzo Fiorentino, who
assisted in carrying the body of
Spanno from the bunkhouse to the
state road and stayed by it until the
undertaker came. Also Vito Dellino,
who was present at the time of the
trouble and whose testimony was
about the same as that of the previ-
ous witnesses. Deputy Sheriff Daniel
Chapman testified regarding the ar-
rest of the defendant as he was board-
ing the trolley car at Oakville the
next morning, and also identified the
knife which he took from the prisoner
and the clothing which the prisoner
wore, all which were placed in evi-
dence.

Drs. B. W. Dewar and F. J. Atwell,
who performed the autopsy, testified
regarding the wounds on Spanno's
body. Altogether there were 13
wounds, three of which were of such
a nature that any one of them would
have caused death. One rib was frac-
tured, or, as the physicians believe,
was cut off with the knife with which
the man was stabbed.

George J. Vanderwerker, the under-
taker, testified regarding caring for
the body and preparing it for burial
after the autopsy.
Albert H. Hamilton of Hobart, a
micro-chemical investigator, was called
to testify regarding blood stains
found on Candello's clothing and
knife. From his examination of the
stains he found the corpuscles to be
identical with those from human
blood; also the microscopic examina-
tion showed the point of the knife
bent over slightly as he would expect
it to be if driven against a rib bone
with sufficient force to sever it. The
shirt of the defendant had two pieces
cut from it and the cloth around the
hole showed the stain, indicating that
the larger part of the blood stain had
been cut away.

Hamilton was the last witness for
the prosecution, and the People rest-
ed soon after noon.

Attorney Tennant opened for the
defense, asserting his belief in the in-
nocence of the defendant, although
admitting that he might have stabbed
Ricardo, the latter stabbing being in
self-defense.

Candello was called as a witness in
his own behalf and through the inter-
preters told a fairly well connected
story of his part in the affair. He said
that he had been on friendly terms
with Spanno and did not see him at
all during the evening that he was
killed. During the disturbance in the
bunk house he got out of bed and saw
several men with knives in their
hands. Fearing for his own safety,
he drew his knife from his pocket and
accidentally cut his hand. As the oth-
er men came near him he struck twice
with his knife, but did not know
whom he hit. He immediately left
the bunk house and went to Cooper-
town, then down the railroad tracks
to Index and then to Oakville, walk-
ing all night. He cut the pieces from
his shirt and explained that he did so
to stop the blood flowing from the
wounds on his hand. The mutilated
and blood-stained shirt played a con-
spicuous part in the day's proceedings.
Drs. Atwell and Evans were later called
by the district attorney and testi-
fied that the wound on defendant's
hand, which was examined by them
the next morning, was a superficial
one and could not have bled to any
appreciable extent.

Joseph Delucia, brother-in-law of
the defendant, and Louis Nardelli were
called as witnesses in defendant's be-
half. The latter said that when he
went to the bunk house where the
trouble occurred he saw Candello run-
ning away toward the state road and
saw no one outside, indicating that
when Candello ran away the murder
had not yet been committed. The tes-
timony was concluded just before ad-
journment tonight and Mr. Tennant
moved for discharge on the evidence

and motion was denied and the coun-
sel will sum up at opening of the trial
in the morning and the case will go
to the jury.

Secretary Davis Speaks on Belgium.

Secretary Davis of the Y. M. C. A.
delivered a very interesting lecture on
Belgium last evening at the associa-
tion hall. There was a good attend-
ance and all present listened with in-
terest to the story of the cities of the
kingdom as presented by one familiar
with their history. Accompanying the
story were numerous stereoscopic
views furnished by the State Educa-
tion department. No one who was
present failed to gather much of value
from the story of the stricken kingdom
of western Europe.

To Give Play at United Presbyterian.

The young ladies Star class of the
United Presbyterian church will con-
duct a fancy sale in the church parlors
next Friday afternoon, and evening.
In the evening a performance of the
play, "Murder Will Out," will be
given, admission to which will be free.
After the last curtain, those in attend-
ance will be invited into the church
fair.

LOCAL MENTION.

Ladies of the Free Baptist church will serve supper Saturday evening in the dining room of the church. The menu will be given in Saturday's Star.

Do not forget the annual Farm Bureau meeting today. All sessions are open to the public, and no one should fail to hear the masterly address by President Schurman of Cornell university at the theatre in the afternoon.

There was a large attendance at the annual roll call of the Elks held last evening and the social session, with a turkey lunch, proved most enjoyable. The fraternity has had a prosperous and successful year and is planning to fittingly observe the Christmas season as in former years.

The stores of members of the Merchants' association will be closed on Friday afternoon, commencing at 2:30 o'clock for one hour, during the funeral of the late Alfred W. Carr, long one of the active members and a former president of the association. It is hoped that all will unite in this recognition of a worthy citizen.

The body of Edward Schutman, who was injured three weeks ago at Maryland and who died Tuesday at the Fox Memorial hospital, is still at the McCrum undertaking rooms. No notice has been received from the family or friends of the deceased, and doubtless burial will be made here in a short time unless other instructions are received.

The Clonian Entertainment. The entertainment given by the young ladies of the Clonian fraternity of the State Normal school, at the Woman's club Tuesday evening was a most meritorious one, evidencing much talent, the young ladies participating enjoying it as genuinely as the audience. The program opened with a nursery rhyme song in which each little lady was one of Mother Goose's characters. Little Bo Peep and Humpty Dumpty were a notable contrast but each character was so well portrayed that no introduction was necessary.

Following came the play, Ladies Speak at Last, which was one of much merit. The characters were taken from Shakespeare's plays with the cast as follows:

Lady Macbeth, Beatrice Jackson, Portia, Eva Trauger; Juliet, Thelma Townsend; Ophelia, Marion Steere. Each did admirably. A violin duo followed, after which the young ladies draped in American flags sang "Old Glory," closing the fine program. Much credit is due the young ladies in charge as follows: Beatrice Jackson, president of the fraternity; Thelma Townsend, of dramatics; Eva Trauger, of music; Estelle Roberts, pianist.

The old Clonians present gave a vote of thanks to the young ladies and then surprised them by giving the yells and singing the songs of the fraternity.

Meetings Today.

The St. James guild will meet this afternoon at the residence of Mrs. George L. Bokes, 81 Elm street. All ladies who have finished or unfinished articles for the sale are requested to bring them.

Regular meeting of L. C. E. A. tonight in K. of P. hall. Assessment 235 expires at this meeting. All ladies of the First Presbyterian church and congregation are most cordially invited to a birthday party this afternoon, from 2:30 until 5. Everybody bring a penny for each birthday past.

The Social club of Chapin Memorial school will meet with Mr. and Mrs. C. Hotelling, Fair street, this evening. All members and friends are cordially invited. Will all who have made aprons for the social please send or hand them in tonight. Secretary.

Regular meeting of Oneonta aerle, No. 1260, F. O. E., this evening in Maccabee hall, at 8 o'clock. Every member is urged to be present. Election of officers.

Regular meeting W. B. A. O. T. M. Embroidery club with Mrs. Sarah Wilcox, 25 Maple street, this afternoon.

The Ladies' Aid society of the United Presbyterian church will hold a special meeting tonight after prayer meeting. A good attendance is desired.

THEATRES TO AID RED CROSS

All Three in This City to Give Benefit Performances Friday Afternoon. The Whole Proceeds of Which Will be Turned Over to "Mercy" Organization.

In accordance with a general observance throughout the country of December 7 as Red Cross Theatrical Day, when theatres will devote the entire receipts of one or more performances to the American Red Cross, the three theatres of this city will give benefit performances at 2:30 next Friday afternoon. The gross receipts of each playhouse will be turned over to the Oneonta chapter of the Red Cross which will have half to use for its own expenses while the balance will be sent to the national headquarters at Washington.

The admission prices for these special matinees will all be free of war tax, due to the fact that the performances are for a charitable purpose.

The Oneonta theatre, the first to agree to the plan, will put on a special program for an admission of 15 cents, as follows:

Pictures: Mary Anderson and Antonio Moreno in "The Magnificent Meddler," and William S. Hart in "The Squealer"; vaudeville: Marguerite Calvert, the girl from the Winter Garden, and Redman and Wells, singing, talking and dancing.

A five reel picture of baffling suspense starring Rupert Julian and Ruth Clifford in "The Mysterious Mr. Tiller," will be flashed across the screen at the Happy Hour. Besides the management of the Broad street theatre has secured two extra reels for the occasion. The price will be 10 cents on this afternoon only due to the lifting of the war tax for the benefit of the Red Cross.

William Farnum, playing in "When a Man Sees Red," the scenic reproduction of Carey Evans' Saturday Evening Post Story, "The Painted Lady," will feature the program at The Strand. At this theatre the admission for the matinee will be fifteen cents. Though it has not been fully decided, it is expected that young women garbed in the Red Cross uniform will usher at the performances and occupy the box offices. This arrangement at least has been agreed to at the Oneonta theatre.

The appeal issued by the Red Cross on Monday for money to defray the cost of sending Christmas packets to the soldiers has been answered by donations amounting to \$13 from the following: Mrs. John VanDeusen, \$1; a friend, \$1; Mrs. T. W. Stevens, \$2; a friend, \$5; Mrs. A. R. Davis, \$1; Mrs. G. H. Brinkman, \$1; and Mrs. Daniel Luce, \$1.

Donations recently made to the general fund of the society total \$32.25. Miss Mary Alden has given \$5; Mrs. M. F. Haines, \$1; A. B. Tobey, \$10; Mrs. A. B. Tobey, \$10; Miss Catherine Tobey, \$5; and \$1.25 from the Madame Heinrich benefit concert.

Many unfinished supplies are now being sent from the Oneonta headquarters from branches of this chapter. Those recently received are:

Goodyear—Six dozen small compresses, 4 dozen large compresses, 1 pair of socks, 1 helmet, and 2 sweaters.
Laurens—Two sweaters, 8 mufflers, 7 pairs of socks, 6 eye bandages, 5 hospital shirts, and 3 pajama sets.
Schenevus—Nine nightgowns, 42 hospital shirts, 6 pajama sets, 12 mufflers, 7 pairs of socks, 1 pair of wristlets, and 21 washcloths.

Otego—One scarf, 4 sweaters and 4 pairs of wristlets.
Worcester—Thirty abdominal bandages, 20 many-tailed bandages, 12 knitted washcloths, 6 pairs of bed socks, 28 nightgowns, 8 hospital bed shirts, 1 fracture pillow, 10 slings, 40 gauze sponges, 5 pairs of socks, 4 sweaters, and 7 pairs of wristlets.

Yesterday afternoon and evening, with 55 women working, some of whom were members of the Eastern Stars, who attended in a body, 930 small compresses, 70 large ones, 125 gauze sponges and three 3-yard rolls were made.

Musician Larraway Transferred.

Musician Otto Larraway, who left Oneonta with Company G and after arriving in Spartanburg was transferred to the One Hundred Seventh Infantry, is now bugler in Headquarters company of the One Hundred Sixth Field artillery, stationed at Camp Wadsworth, Spartanburg, S. C.

Vanishing Christmas.

To say that there will be no Christmas gifts is like telling the butcher that people are turning vegetarians. It is always better to wish that you hadn't given than to wish that you had.

JUNIOR RED CROSS EXTENDING

Children at Chestnut Street and East End Are Doing Red Cross Work: 125 Members at Chestnut Street School, With Work Progressing Rapidly.

Red Cross work by the school children has been started in the Chestnut street and East End schools, so that now there are four of Oneonta's public schools under the Junior Red Cross. The others are the Academy street grades and the High school.

At Chestnut street, where Miss Ruth Wells is in charge, an extra room has been fitted up for the work, and there many of the 125 members work daily turning out the articles that will help the soldiers win the war. The older girls are knitting, the boys are making trench candles, and the little girls are snipping odd pieces of cloth to be used by the older ones in making comfort pillows.

The boys have made a great many of the rolls from newspapers to be dipped later in paraffine and furnished with wicks. When these are completed they will be trench candles to be used by the boys "over there" for cooking their food. The girls have finished a lot of washcloths and are working on other knittings.

A work that is of special interest to every one of the girls because each has a share in it, is the knitting of a quilt. This is on the "crazy" quilt style, each one of the squares being of a different color, and contributed by a different child.

Shortly after Christmas the Chestnut street Red Cross will give a patriotic entertainment to raise money to carry on their work. They have decided that any money which is left over at the end of the school year will be donated to the Oneonta chapter of the Red Cross, and that a new junior branch will be formed with the new classes in the fall.

At the East End school, the branch has not yet been completely organized. However, work is being done in knitting and making trench candles and securing members. Unlike the other schools, all of this is being done in school hours as a part of the regular school work. Later it may be done after school, but plans there are still in the process of formation.

ANNUAL MEETING FARM BUREAU

Morning and Afternoon Sessions to be Held—Address by President Schurman of Cornell.

Today will occur the annual meeting of the Otsego Farm Bureau.

The Home Economics department will hold a session in Municipal hall at 10:30. Reports from the various county organizations will be had, together with the program as published in yesterday's Star.

Routine business will be transacted in the Oneonta theatre beginning at 10 o'clock. The reports from the various committees will be made.

The afternoon session will open at 1 o'clock. Gardner's orchestra will dispense music. At 1:30 Mayor A. E. Coperley will give an address of welcome. J. D. Beardsley will talk a few minutes on the milk situation after which Dr. P. I. Buglio, principal of the Oneonta Normal school, will introduce President Jacob Gould Schurman of Cornell university. Dr. Schurman's address will be a masterful production and will enlighten with profound facts touching the war and the great problems facing this country. No resident of Oneonta should fail to hear this speech. Threat to attend.

Miss Louise Hinds will render one or more readings and Prof. Flora Rose of the home economics department of Cornell college will tell the women an interesting story of the work in her department.

Dame Fashion

Is Exacting

She does not consider whether you are slender or stout—her word is law—and the stout woman finds difficulty in following the vagaries of fashion. But the designers who fashion our stout Coats and Suits, has come to her aid with models adapted to her figure, so that the stout woman, today, can be as smartly attired as her slender sister.

We still have a limited number of stout Coats and Suits at marked down prices.

Diamonds For Christmas

A better example of wise buying is not possible than the gift of a diamond from Brigham's. Neither time nor wear detracts from a diamond. Years only add to its value.

A Brigham diamond is a high grade stone of fine color and quality. It is free from defects which detract from its brilliancy. It is a highly desirable diamond to give and to own.

Brigham values are noteworthy. To purchase here is true economy with your diamond money. A fine collection of mounted and unmounted stones.

Selections for Christmas will be laid aside, if desired. Only a small deposit is required.

AN INTERESTING VOLUME.

State Issues Part Two of Annual Educational Report.

A book of more than usual interest, as reports and compilations go, is Part Two of the annual report of the State Education department, which has just been issued under the general title of "Elementary Education." While it contains much of value and importance to every person interested in the work of education, it contains also much in the way of subject matter and illustrations which is locally of interest.

During the past few years there have been many phases of educational development among them opening and closing days of school, salaries and pensions, superintendence, farm schools, consolidated schools, technical training in the grades and many other matters of importance to the districts, the patrons and the pupils. There has been much change in the plans of school work during the past decade.

Among the hundreds of illustrations by which the book is embellished, are pictures representing the annual school festival at Milford, two representing by way of contrast the unsatisfactory school house in Dist. No. 6 in Meredith, old school buildings in the towns of Westford, Edmeston and Richfield, and the consolidated school buildings which have taken their place, Davenport children coming by auto to the Oneonta schools, Hartwick children going home by trolley, prize winning boys and prize winning school exhibits at Otsego county fair, the Andes and Roxbury high schools and many others. As a matter of interest it may be noted that ten of the district superintendents of the state are graduates of the Oneonta State Normal school, and that there are ten teachers in Otsego county who are receiving pensions from the teachers' retirement fund of the state.

Choose Worth White Things for Home. At the monthly meeting of the Mothers' club held in the First Baptist church yesterday afternoon and attended by a large number of women, Mrs. Edson J. Farley read a paper on "Choosing Things Worth White for the Home and Children." In it she brought out that the mother, an instructor in the home, should choose all the worth white things for herself and for her children. She pointed out how home environs and atmosphere shape the character of the child, and that in this formative period the boy or girl should be taught to set out to attain a high standard in all things, all the time aiming high. A social hour was spent after the meeting, when light refreshments were served.

DEATH OF ALFRED W. CARR

MAN HIGHLY ESTEEMED AND LONG PROMINENT IN BUSINESS CIRCLES.

Native of Cooperstown and Descendant of Founder of Carr's Hotel—Man of Many Civic Activities and Devoted Churchman and Odd Fellow—A Friend to All.

In the death of Alfred William Carr of the Carr Clothing company, one of the city's most prominent and public spirited business men, occurring at the family residence, 44 Ford avenue, shortly after 1 o'clock Wednesday morning, there ended one of the bravest of battles ever fought—a struggle that tested the fibre and courage of the man and through which, though vanquished at the last, he fought—as he had lived throughout his entire career—bravely and heroically, facing every crisis in a manly way, maintaining throughout that perfect composure and resignation to the inevitable that distinguishes heroism from cowardice, the truly great from the ignoble. Thrice within the year and a half—on May 23, September 26 and December 12 of last year—he walked to the operating table at an Albany hospital, that surgeons might attempt to eliminate the "tumor" threatening his bodily being, but so with a word of cheer to his wife—he accompanied him. When at last the sur-

Alfred W. Carr.

geons informed him they could do no more, he bowed with resignation and arranged his affairs with the same composure that one might display if about to leave for a long journey. To the last he enjoyed being the household merry and the smile faded from his face only when the progress of the disease left him without control of the facial muscles, so inherent being his sunny character.

Born at Cooperstown March 4, 1860, the son of Nelson Van Ness and Elizabeth V. (Campbell) Carr, and grandson of the late Alfred and Deborah Carr, the paternal grandfather having been the founder of the famous hostelry which for a century has borne the family name, his early life was passed in that village. He attended the schools there until 14 years of age, when he entered the office of the Freeman's Journal under the noted editor, the late Samuel M. Shaw, under whose tutelage he developed, doubtless, many of the admirable business traits which characterized his long and honorable career. In 1883, when he left to engage in business in Oneonta, Mr. Shaw wrote an item relative to his departure in which it was said, after referring to his nine years of faithful service, that he leaves "Carrying with him a good name, a clean record and the best wishes of his late employers and many other friends for his success."

Oneonta then gave promise of becoming a much larger commercial center and it is not surprising that it attracted a young man of his enterprise and ability. He acquired the interest of the late Charles E. Smith in the grocery business then being conducted by Mr. Smith and F. G. Bennett under the firm name of Bennett & Smith, at the site now occupied by the Hurd Boot shop. About a year later an offer for the grocery business was accepted and the members of the firm leased the western half of the store where the business has been continued to this day and started in the clothing and gent's furnishing trade, the firm name continuing Bennett & Carr. The business prospered and the firm continued building up a trade of wide dimensions. In 1892 Mr. Bennett desiring to retire, his interest was purchased by the late Henry Bull and the firm became Carr & Bull, so remaining until the death of Mr. Bull in February of the current year. In May the Carr Clothing company was formed. Mr. Carr's desire being that the business should continue uninterrupted after his death, which then he was convinced was a matter of months only. Strict honesty and reliable merchandise were his chief business tenets and to them he clung tenaciously to the end.

Mr. Carr was twice married. On April 25, 1888, he was united with Ida A. Great, also a resident of this city. Her death followed on March 19, 1906, and on May 27, 1907, he married Vivian C. Herington, a member of an old and well known Oneonta family. To the end they have been companions and helpmates indeed. He leaves besides the widow three children: Marion L., Alfred V. and Nina Margaret Carr, all residing at home; a brother, Fred B. Carr, associated with him in the Carr Clothing company, and one sister, Mrs. M. C. Burns of New York, to all of whom the deepest sympathy of a wide circle of friends will be extended.

Mr. Carr was intensely devoted to the welfare of St. James Episcopal church and one of its most generous as well as most loyal supporters, having been a vestryman during practically his entire residence in this city. He was confirmed by Rev. P. H. A.

Brown at Christ's church, Cooperstown, June 18, 1874, and was a member of the Sunday school class of the late G. Pomeroy Keese for years. His civic activities were many, inspired solely by a desire to advance the community welfare. He was one of the founders and a former president of the Oneonta Merchants' association, a member and former president also of the Oneonta club, a life member and director of the Fox Memorial Hospital society, a member of the Chamber of Commerce, of the Country club and of Centennial lodge, I. O. O. F. To the latter organization he was especially devoted, the fraternity always finding in him a warm friend and supporter. It was for a period of eight years a director of the Odd Fellows' home. Although eschewing politics actively, he consented to serve the city as one of the park commissioners, devoting much time to developing Neahwa park, retiring only when ill health compelled.

Oneonta has lost a good citizen in all that the term implies and very many of our citizens a loyal and steadfast friend whose association they prized and whose counsel was often sought and as freely given. He ever manifested an abiding interest in the welfare of his neighbors and friends and never turned a deaf ear to a worthy appeal. It has been a familiar face about the business section of the city for over a third of a century and wherever he went there radiated cheer and good will to his fellows. Not only in the family circle, where of course the loss is most keenly felt, but among his business associates and the larger circle of friends there is deep sorrow that one so useful and so kindly disposed toward others is with us no more. His epitaph might properly be "And he was a friend to man."

The obsequies will be held from the residence, 44 Ford avenue, on Friday at 2:30 o'clock. His rector, Rev. G. C. Dickinson, will officiate and interment will be in the family plot at Glenwood cemetery.

DON'T USE A TOOTH BRUSH

New York, N. Y.—An investigating committee of dentists in greater New York has just announced over the fact that "four thirds of the people don't use a tooth brush nor brush their teeth at all." A tooth brush is all right when confined to the teeth but it should never be used on the gums because of abrasion. Riggs disease, for instance, is a severe disease of the gums and patients using pyorogg for its treatment are being advised to confine themselves strictly to the finger-nutcase method of applying it. Pyorogg is a new prescription specially for Riggs disease, reducing gums, loose teeth, etc., and comes in the form of a medicated unsavory unguent which stays where it is put, unaffected by saliva and is being dispensed in original packages, price one dollar, at best drug stores, including George S. Sledge.

Death of Mrs. Ida Clark.

Friends in Sidney were greatly shocked Tuesday by news of the death of Mrs. Ida Clark, widow of the late Henry W. Clark, which occurred at her home in Amsterdam very suddenly Monday. Particulars have not been learned further than the funeral will be held Thursday morning at East Worcester. Mrs. Clark was for many years a most highly esteemed resident of Sidney and moved to Amsterdam during the past summer.

Making a Concert Tour.

Mrs. Charles Wheeler of Cohoes, a daughter of Mr. and Mrs. George Johnson of this village and who is a frequent visitor here, is making a concert tour under the management of the White Lyceum bureau. Mrs. Wheeler is a talented soprano singer and most of the work of the tour is at sailors' and soldiers' encampments under the direction of the Y. M. C. A. On Thanksgiving day she entertained the sailors on the battleship Massachusetts and in the evening was entertained at dinner by the officers aboard the ship.

Disastrous Fire at Roscoe.

The fourth disastrous fire of the year occurred at Roscoe Saturday morning when the theatre building in that village was completely gutted by flames. The building was a new one on the site of the one destroyed in the big fire that visited the village about one year ago. Parts of the building were occupied by a billiard parlor, ice cream parlor and a bakery, the contents of all of which were destroyed, also a moving picture machine in the theatre. The loss was heavy and only partially covered by insurance.

RICHARDSON APPEAL DISMISSED.

Hobart Board of Education Sustained in Matter of Accepting Resignation.

Hobart, Dec. 5.—Hon. John H. Finley, state commissioner of education, has handed down a decision in the matter of the appeal of Arnold L. Richardson, former principal of Hobart High school, from the proceedings of the board of education of this school unit in accepting his resignation, in which he dismisses the appeal of the former principal. Mr. Richardson came to Hobart last September as principal of Hobart High school. His services were not satisfactory and he was asked to resign. This he did, with the understanding that he was to be given two weeks from date of resignation to demonstrate that he could conduct the school in a satisfactory manner. At the end of the two weeks the board accepted the resignation, paid Mr. Richardson in full to date, and went about securing another principal. Mr. Richardson took an appeal to the commissioner of education on the ground that the resignation had been "extracted from him by misrepresentation and duress." In his decision, the commissioner says "the evidence produced is not sufficient to support the contention" that "the resignation was prepared by him (Richardson) and was to take effect at the time specified if his services were not satisfactory." and "if the board found them unsatisfactory and accepted the resignation the contract was terminated, and the board was released from its obligations thereunder."

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

ORILLIA, Nov. 28th, 1914.

"For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine, I have good appetite, and now I feel fine, I eat and the headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."
